If you're ever craving comfort food that hits the spot, Zack's Pizza serves up a menu that's more than just pizza—it's a full-on flavor journey. Let's start with the stars: the specialty pizzas. The Meat Lovers is a carnivore's dream, stacked high with savory toppings, while the Greek Specialty Pizza is a Mediterranean twist that surprises in every bite. If you're into bold combos, the Steak Bomb and Honey BBQ Chicken pizzas bring the heat and the sweet in just the right balance. And don't overlook the Chicken & Broccoli Alfredo Pizza—it's creamy, cheesy, and downright addictive.

Bar style pizzas are another highlight. Whether you go minimalist with just one topping or go all-in with the 6-topping Meatlovers, every bite of that crispy, pan-cooked crust packs a punch. Even the simple Bar Cheese Pizza has that nostalgic charm that reminds you why pizza became your favorite food in the first place.

Subs and wraps come fully loaded—like the Buffalo Chicken Wrap that's got just the right amount of kick, or the hearty Italian Sub packed with cold cuts and crunch. For a comfort fix, the Chicken Cutlet and Meatball Provolone Subs deliver on both flavor and satisfaction.

But Zack's isn't just about pizza and subs. Their sides and plates round out the meal like pros. The Monster Wings (8 pieces) and the spicy Cajun Fries are perfect for sharing—or not. Mini tacos, Jamaican beef patties, even a Popcorn Chicken Plate—it's snack heaven.

Finish strong with pasta dishes like the creamy Chicken Broccoli Alfredo or the classic Pasta & Meatballs. Add a fresh Greek Salad or a cold bottle of IBC Root Beer and you've got yourself a meal worth talking about. Zack's isn't just a pizza joint—it's a menu made for cravings.
