Tucked away on the lively stretch of 551 Richmond St in London, Ontario, **Smoke's Poutinerie London** is more than just a casual spot for comfort food-it's an indulgent stop where every dish seems designed to test your willpower. The **Smoke's Poutinerie London Menu** is a wild celebration of Canada's most beloved comfort food, but with the kind of creativity and flavor layering that keeps locals and visitors coming back for another round of fries, cheese curds, and rich gravy.

Walking into the shop, you're immediately hit with that unmistakable aroma of freshly fried potatoes and sizzling bacon. The energy is casual, loud, and friendly-just what you'd expect from a place that doesn't take itself too seriously but takes its food very seriously. The **menu at Smoke's Poutinerie London** is surprisingly expansive, spanning from the iconic poutines to bold sandwiches, playful sides, and hearty all-beef dawgs. Each item is

unapologetically rich, perfectly greasy, and deeply satisfying.

Start with the **Dirty Fries**, a signature section of the Smoke's Poutinerie London Menu that could easily be a meal on its own. The Mike's Hot Honey N' Bacon Fries are the perfect blend of sweet and spicy, the honey glaze cutting through the saltiness of the bacon, creating a flavor harmony that's downright addictive. Then there's Smoke's Carnage Fries, a glorious mess of pulled pork, gravy, and melted cheese-comfort food in its purest form. For those who crave something bold, the Currywurst Fries deliver that hit of German street food flavor with a smoky, tangy curry sauce that lingers in the best way possible.

If you're in the mood for something cheesy, this menu has you covered. The **Cheesy Fries** and **Cheesy Tots** are every dairy lover's dream-crispy on the outside, gooey on the inside, and absolutely irresistible. They're the kind of side dish that somehow turns into the main event halfway through your meal.

For something heartier, dive into the **Sandwiches** section. The Bigger Crunchie and Nashville Sandwich are both standouts, with perfectly fried chicken that's crunchy and juicy in every bite. The Buffalos Don't Have Wings Chicken Sandwich is packed with spicy, tangy flavor, and The Dirty Bird takes things up another notch with its saucy, messy perfection. But perhaps the most intriguing is the Poutinewitch, which fuses two icons-sandwich and poutine-into one glorious creation that feels like the ultimate cheat meal.

No visit to Smoke's would be complete without a side order (or three). The **Sides** menu reads like a list of guilty pleasures: Smoke's Classic Beef Chili-rich, thick, and hearty-pairs beautifully with fries or stands strong on its own. The Fried Cheese Curds and Fried Pickles bring that nostalgic fair-food vibe, while Boneless Wings add the perfect hit of protein for those looking to balance all the carbs. Don't skip the Flavoured Cheese Curds either; they're fun, bite-sized, and unexpectedly addictive.

If hot dogs are your thing, the **All Beef Dawgs** section won't disappoint. Each 1/4 pound premium dawg is a full-flavored, meaty masterpiece. The Naked All-Beef Dawg lets the quality of the meat shine, while Porky's Dawg and Smoke's Saucy Dawg layer on smoky, savory toppings that ooze indulgence. The Chili Cheese Dawg is pure comfort, loaded with melted cheese and chili, while the Bacon Cheese Dawg offers that perfect smoky crunch in every bite.

And of course, you'll need something to wash it all down. The **Beverages** selection keeps things simple but satisfying-Coca-Cola Zero, Diet Coke, Fuze Tea, Powerade Mixed Berry, and Monster Green for a caffeine kick. Each sip feels like a refreshing reset between those rich, flavor-packed bites.

Overall, the **Smoke's Poutinerie London Menu** is everything a comfort food lover could ask for-bold, hearty, and dripping with character. It's not the kind of place where you count calories or worry about being neat; it's where you lean back, laugh with friends, and surrender to the glorious chaos of cheese curds and gravy. Whether you're a local student looking for a late-night bite or a traveler chasing the best Canadian poutine in London, this spot is pure satisfaction on a plate-crispy, cheesy, messy, and unforgettable.
